Introduction

The world is vast, and many lands lie across it. Enormous magical currents pass through it, leaving marks both clear and subtle. The flow of energy touches every living person.

Years ago, a course of dark power swept through the lands of the western continent. In time, this wave consumed all its great kingdoms. Cities, people... their wealth and wonders. Now there is no one left to save, and only their relics remain. The allure of these riches brings many visitors: Pirates. Fortune seekers. Adventurers. Treasure hunters.

Of these, there are few who are familiar with the story of Ziii, and she likes it that way. Unlike most of them, Ziii came from a quiet village and a loving family. But she doesn't want a quiet life.

Ziii wants to be rich.
